**TBC – Total Body Conditioning** - is an ever-changing workout! No two classes the same as you will use intervals, circuits, partner and team work to increase your overall fitness! You'll rotate between strength training, core work and cardio bursts – working hard to keep that heart rate up and the calories burning!

**A little something about the instructor....**Robin Blackburn was someone who never really cared for exercise and fitness when growing up. As life went on, she found her weight skyrocketing and she knew she needed to do something about it. She has lost 160 pounds through proper diet and exercise – and now fitness is her passion. Robin got involved with personal training as a means to share her fitness knowledge and motivate people to accomplish their goals. She has a genuine interest in helping people achieve their dreams.

Robin has a Master's in Education and is an AFAA certified personal trainer. Additionally, she is a certified SPIN and PiYo instructor.

She enjoys participating in running races and triathlons. She has completed everything from a 5K to a marathon and is training to once again finish and 70.3 triathlon
