August was a busy month for the department. Hometown Days is 4-5 days at the fire station preparing, entertaining, cooking, feeding, drinking, and cleaning up. Here are some photos from the great event. Thank You to all that came and supported the department for the weekend. Also many thanks to the farmers in the community that provided us with donations for the Annual Meal as well as a lot of other donations for weekend. Once again it was a huge success for us.
