File: 368266

Re: City of West Branch College – Bridge Replacement-CSS

**Summary for Website**

Last week, construction on the new bridge included driving the west abutment piers, pouring the abutments, as well as driving the temporary piers. Installation of water main from 1<sup>st</sup> Street to 2<sup>nd</sup> Street along College Street.

This week, the Contractor anticipates the bridge construction to include pouring the concrete for the west pier caps and wing walls. For the water main, the anticipated work is to complete the connections at the intersection of College Street and 1<sup>st</sup> Street and begin water testing. The Contractor will begin installing storm sewer along Green Street and College Street.
