Fire Department Monthly Newsletter

April 2019 Total Calls:30

Fire Calls - 6

Medical Calls-30

Mutual Aid -3

March and April brought on many controlled burns done by the fire department as well as a few mutual aid calls to assist our surrounding departments.

WBFD is part of the Johnson County and Cedar County Mutual Aid Agreements. This means that during the day time we are going to be automatically dispatched to assist for any structure fire in our surrounding areas to assist, and if West Branch would have a structure fire the surrounding departments would assist us. We can also put this agreement into action if we have any instance that we would need assistance.

Spring has finally arrived. Be happy and safe!
